Dear Valued Resident,

The North Apollo Volunteer Fire Department strives to provide a quality service to our borough as well as our surrounding communities. Through this we are constantly training and updating our equipment for our members to provide the best service for everyone's safety. Our members offer years of experience in the fire service. Training our members is our main goal, so that we can better prepare ourselves for the unknown of protecting your community, and also to ensure member safety.

Like everyone else, 2020 has hit us hard. We understand that everyone is struggling to make ends meet. We are in the same boat. We have not been able to fundraise in our usual manners, such as our monthly breakfasts, special bingos, dinners, and more. We are asking for any contributions that you can make. We would like to thank all of those who have donated in the past, without the support of our community we would not be able to provide the service that we do.

We are also in need of new members. We have a need for firefighters as well as non active members. You must be 18 to join. We also have a junior firefighter program for boys and girls 14-17 years of age to join. Stop by any Tuesday night if you or your child is interested in joining.

Thank you,

Members of the North Apollo Volunteer Fire Department
